flanked by black Chiavari chairs topped with cushy eggshell chair pads. White anemone with stone-black centers, barely blossoming peonies, fluffy hydrangea, rare black pussy willow, and white birch branches combine for a simply styled yet striking centerpiece. Place cards, chargers, votives, and a flower-filled lantern in metallic silver up the luxe factor of the neutral table-scape. Mini cupcakes topped with vanilla frosting and chocolate chips are a final, sweet nod to the chic black-and-white palette. *Soirée Productions, 435-655-2943, soireeproductions.com*
